

## HEBRON STORM WATER MANAGEMENT BOARD

MINUTES OF APRIL 11, 2023

The Hebron Storm Water Management Board meeting of April 11, 2023 was called to order by President Frank Stalbaum. In attendance were Merle Foresman, Walt Justice, Frank Stalbaum, MCO Representative Randy Decker, Attorney Brett Galvan, and Recording Secretary Joanne E. Hansen. Council Liaison Kevin Joseph was not in attendance.

Approval of Minutes - On motion of Frank Stalbaum, seconded by Merle Foresman, and duly carried 3-0 the minutes from the March 14, 2023 meeting were approved as presented.

Treasurer's Report - President Stalbaum read the following Treasurer's Report.

6501 Stormwater

Fund Balance as of March 1, 2023	\$ 137,796.26
----------------------------------	---------------

Revenue Received for month	\$ 25,693.44
----------------------------	--------------

Disbursements for month	\$ 25,043.57
-------------------------	--------------

Fund Balance as of March 30, 2023	\$ 138,626.33
-----------------------------------	---------------

On motion of Merle Foresman, seconded by Walt Justice, and duly carried 3-0, the Treasurer's Report was approved as submitted.

Claims - On motion of Walt Justice, seconded by Merle Foresman, and duly carried 3-0, the Claims were approved as presented.

Public Works Report - Randy Decker submitted the following report:

### Old Business

- We received a complaint regarding water in the alley off Washington Street to Main Street near Goodbyes. We found a sump pump discharging water from 110 W. Sigler. We shut the water off for an hour and the sump never stopped running. We changed the meter on January 4, 2022, and found that the house has 2 cisterns and 4 pumps running. The first time we checked the water sample we had no chlorine in it but the second time we did. We will keep investigating. **Update:** Mr. Decker noted that the Town had two major rains, however, the sump pumps were not running and the area remains dry. He stated as soon as we take it off the list, it will become a problem again.

- 309 S. Van Buren had a sinkhole that we ran our camera through and found that it had a small hole in the top of the tile. This tile is roughly 12 ft. deep so digging is not an option. We will explore getting this section of the pipe lined. **Update:** We have awarded the work and as soon as we get the funds from OCRA we will begin the project.

**New Business**

- Locust, Orange, and Olive Street backed up for a short time during the last heavy rain event. This was due to Dog Lake Ditch being extremely high from the rain.
- At the corner of Church and Adams we had a sinkhole next to a catch basin. We used the vac truck to excavate down to the pipe. We found several crushed tiles that ran into this basin. We made a very temporary fix.

Mr. Decker further reported that Park Ridge's storm system is on the GIS.

Merle Foresman asked about the flags in Snake Flats. Mr. Decker stated that the flags could probably be removed by the end of the week as Wessler's work should be done.

There being nothing further before the Board, on motion of Walt Justice, seconded by Merle Foresman, and duly carried 3-0, the meeting was adjourned.

Respectfully submitted,

Joanne E. Hansen
